ACCESSORIES

EMERGENCY KEY RELEASE
Used in case of malfunction or power failure especially useful if there is no other access into garage.

DIGITAL KEYLESS ENTRY
Allows entry into garage from outside if Hand Transmitter not available.

MULTI FUNCTION HAND TRANSMITTER (3 Button)
Can be used for two individual doors and operate a set of gates.

KEY SWITCH ENTRY
For external entry into garage without the use of Hand Transmitter.

PHOTO EYE PROTECTION
Added safety and protection against door operating while car or person is in door opening.

FLEXIBILITY TO ADAPT OTHER BRANDS OF RECEIVERS
This unit is designed for use in unit developments where front gates require different frequencies to operate Remote Controls.

The 'Boss' Roller Door operator have been engineered to the highest standard for optimum performance.
